Dear Mr. Chaudhuri:

### APPROVAL OF THE TESTING AND MONITORING PLAN FOR REGIONAL RECYCLED WATER ADVANCED PURIFICATION CENTER DEMONSTRATION PROJECT

Metropolitan Water District of Southern California (MWD) and the Sanitation Districts of Los Angeles County (Sanitation Districts) have submitted the *Testing and Monitoring Plan for the Regional Recycled Water Advanced Purification Center Demonstration Project (Plan)* dated October 5, 2018. The Los Angeles and Santa Ana Regional Water Quality Control Boards (Regional Water Board) staff has reviewed the Plan and provided comments to MWD and Sanitation Districts in a letter dated November 13, 2018.

On January 14, 2019, MWD has submitted the revised Plan in response to the comments received from the Regional Water Board and the State Water Resources Control Board's Division of Drinking Water (DDW). The Regional Water Board staff has reviewed the revised Plan and finds that the revised Plan addresses all the comments made by the Regional Water Boards.

The revised *Testing and Monitoring Plan for the Regional Recycled Water Advanced Purification Center Demonstration Project* is approved.
