If you purchase high-efficiency sprinkler nozzles.

# This Is How We Save Water

We're  
California  
Friendly®  
Plants

## How We Save Water Inside

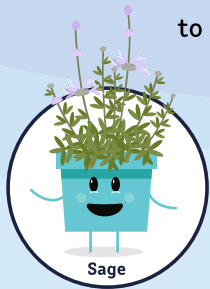

### Dudley (Chalk Dudleya)

"I'm Dudley. I'm a succulent. That means I store water in my stem, leaves, or roots. You can save water too by taking a five-minute shower."

### Wendy (Wendy Alum Root)

"Hello, friend! I'm Wendy. Birds and bees like to visit my pink flowers. Remember - don't use your toilet as a trash can."

### Sage (Cleveland Blue Sage)

"Hi, everyone! I'm Sage. Hummingbirds love my purple flowers. Here's a friendly reminder to turn off the water while brushing your teeth."

### Matty (Matilija Poppy)

"Hey! My name is Matty. My flowers have a bright, yellow center that looks like a fried egg. Do you have a pet? Pour old water from their bowl onto a tree or plant."

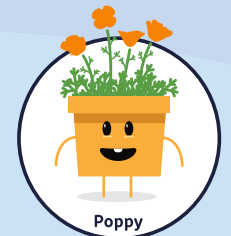

## How We Save Water Outside

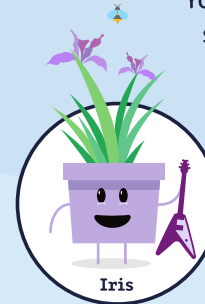

### Concha (Concha California Lilac)

"My name is Concha. I like to spread out and grow blue flowers that butterflies love. Remind your parents to use a broom instead of a hose to clean driveways, sidewalks, and patios."

### Poppy (California Poppy)

"Hi! I'm Poppy. I'm the California State Flower. You'll see my bright, gold flowers in spring and summer. Water plants early in the morning or later in the evening to help save water."

### Iris (Douglas Iris)

"Iris here! My leaves grow one to two feet long. My purple-blue flowers grow on each of my stems. Make sure your parents attach a shut-off nozzle to a hose when watering outside."

## For Rebates + Water Savings Tips.

Metropolitan's Education Team is dedicated to inspiring a lifelong appreciation for natural resources and helping students of all ages understand our shared responsibility to be mindful of our environmental impact.

We provide curriculum supplements, workshops, teacher in-services, STEAM programs, and classroom presentations for pre-kindergarten through college. We offer field trips to Diamond Valley Lake in Hemet, and the Grace F. Napolitano Pure Water Southern California Innovation Center in Carson. We also offer programs for Girl Scouts and Boy Scouts based on the environmental science merit badge requirements.

We introduce students to Southern California's water resources and the system that delivers water to their communities. All supplements correlate to Common Core and Next Generation Science Standards. Resources are available at no cost to teachers and students within our six-county service area, including parts of Los Angeles, Orange, Riverside, San Bernardino, San Diego, and Ventura. To request a workshop or education resources, contact us at [MWDEducationPrograms@mwdh2o.com](mailto:MWDEducationPrograms@mwdh2o.com) or log onto [www.mwdh2o.com/education](http://www.mwdh2o.com/education).
