Wastewater (Sewer) Rates

Rates effective for bills dated on or after January 1.

Daily Rate, per equivalent dwelling unit (EDU)				
Area	Effective 2018	Effective 2019	Block Sewer Rate Structure	
Area 1 Includes areas in and around Hemet & San Jacinto	\$0.85	\$0.90	EMWD has a block sewer rate structure based on household size. This rate structure <i>applies only to customers that are on water-budget based tiered rates and directly billed for sewer by EMWD.</i> Click here for more information.	
Area 2 Includes areas in and around Moreno Valley	\$0.87	\$0.92		
Area 3 Includes areas in and around the City of Menifee	\$0.88	\$0.93		
Area 4 Includes areas in and around Temecula, Murrieta & French Valley	\$1.00	\$1.06		
Area 5 Includes areas in and around Perris,	\$1.15	\$1.22		

Romoland, Homeland, and northern portions of Menifee		
Canyon Lake (this area is served by Elsinore Valley Municipal Water District and billed by EMWD)	Click here	

*Amount will be prorated based on billing cycle

Sewer Blocks

Each block is designed around a specific household size to be more representative of the amount contributed to the sewer system. Block sewer rates are designed to be more fair and equitable to customers and revenue neutral to the District. Block sewer rates apply only to customers that are on water-budget based tiered rates and directly billed for sewer by EMWD.

Sewer Block	Number of People in Household	Sewer Rate Calculation as of 1/1/18
1	1 - 2	60% of current sewer rate
2	3 - 4	100% of current sewer rate
3	5 - 6	125% of current sewer rate
4	7 or more	170% of current sewer rate

Financial Participation Charges (Connection Fees)

If you have questions regarding connection fees, please contact EMWD's New Business Development Department at (951) 928-3777 ext. 2081.

Fee Description	2018 Fee
Water Financial Participation Charge	\$5,226/EMS*
Sewer Financial Participation Charge	\$2,768/EDU**
Sewer Treatment Plant Capacity Charge	\$5,641/EDU**
Water Supply Development Fee	\$300/EDU**
Landscape Water Financial Participation Charge	\$4,744/EMS*

*EMS - Equivalent Meter Size

**EDU - Equivalent Dwelling Unit

NOTE: The estimated amounts of all applicable Financial Participation Charges and other District Charges paid by Sponsor shall be subject to adjustment to reflect the then per unit amount applicable at the time the involved portion (s)/unit(s) have been completed and service is requested, all as determined by District. Sponsor agrees to pay the full adjusted amount of such District Charges prior to District's acceptance of the facilities and provision of service to the involved unit(s).

For further clarification, the word completed shall be determined by District and mean:

1. Those water and/or sewer facilities which have been accepted and placed into service by District; and
2. Those units which have been certified for occupancy by the County of Riverside or the involved city (as appropriate).

For more information about connection fees, please [click here](#).

Fixed Charge for Water Supply and Reliability Capital Projects

This charge is applicable to all standard domestic retail and all agricultural retail water service accounts which are assessed a daily service charge. This charge will be assessed per equivalent meter size (EMS).

Description	Fixed Charge as of 1/1/2017	Fixed Charge as of 1/1/2018*	Fixed Charge as of 1/1/2019*
Daily Amount	\$0.10685	\$0.11	\$0.12
Total per Month (30 days)	\$3.21	\$3.30	\$3.60
Average Monthly Charge (Daily*365/12)	\$3.25	\$3.35	\$3.65

*Reflected on bills effective January 1 for usage effective December 1

**Effective 1/1/2018 Non Residential Tiered rates are applicable to Landscape accounts only and excludes Commercial, Industrial, and Institutional accounts

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

Special Conditions

Relative to the above Standard Domestic Retail Water Rates, the following special conditions will apply, in addition to EMWD Administrative Code governing the provision of Water Service Facilities and Service:

The following categories (conditions of service) are to be determined for each account using the appropriate Water Rate Schedule and Improvement District:

Temporary Accounts

This type of service is generally temporary for water utilized during construction, grading, compaction, and/or related uses. All accounts must be metered and are shown on in the section on Construction Meter Service, formerly referred to as Schedules T and T-1.

Daily Service Charge (DSC) Component Costs

The DSC Charge is comprised of three different cost elements:

- A. Account Charge – Costs that do not vary by meter size to recover monthly meter reading, billings and customer service support.
- B. Meter Charge – Costs that vary by meter size such as installation, maintenance and replacement.
- C. Demand Charge – Costs that vary by meter size and help support repayment of debt service and water reliability needed to support the potential demand of the customer.

As of 1/1/2017 - All Domestic Retail:

METER SIZE	BILLING FACTOR	ACCOUNT CHARGE	METER CHARGE	DEMAND CHARGE	TOTAL/DAY	TOTAL/MONTH*
5/8" – 1"	@1.00	\$0.118	\$0.041	\$0.230	\$0.389	\$11.67
1 ½ "	@2.63	\$0.118	\$0.054	\$0.850	\$1.022	\$30.66
2"	@4.88	\$0.118	\$0.087	\$1.691	\$1.896	\$56.88

Special Conditions – Residential Customers Only

Exceptions may be granted to the charges identified above if it can be demonstrated that the volumetric usage is consistently below that of a residential meter (5/8" – 1") for a one-year period. If so demonstrated, that portion of the DSC shall be computed at the lower meter size equivalent for the "Demand Charge" in accordance with the schedule below. The Account Charge component and Meter Charge Component shall remain unchanged since the charge is not dependent on volumetric usage.

Special Conditions

Relative to the above Demand Retail Agricultural Water Rates, the following special conditions will apply. In addition to EMWD Administrative Code governing the provision of Water Service Facilities:

1. Service is contingent on and must qualify for agricultural use as defined in Section 312.2.4 of the Metropolitan Water District Administrative Code (MWD Resolution No. 4106, as amended).
2. Generally:
 - A. Service is restricted to agricultural use only.
 - B. Property served should be one (1) acre or more.
 - C. Water deliveries are on a demand basis; however, usage could be restricted under extreme circumstances (i.e. drought, fire flow requirements, or other restrictions as determined necessary).

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

3. DSCs for this type of service will be determined as follows:

Meter Size	Factor	Daily Service Charge as of 1/1/2017	Daily Service Charge as of 1/1/2018*	Daily Service Charge as of 1/1/2019*
1" or smaller	@1	\$0.389	\$0.39	\$0.42

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

Special Conditions

Relative to Scheduled Retail Agricultural Water Rates, the following special conditions will apply, in addition to EMWD Administrative Code governing the provision of Water Service Facilities and Service:

1. Service is contingent on and must qualify for agricultural use except DNA qualifying uses as defined in Section 4106 of the Metropolitan Water District's Administrative Code as amended.
2. Water deliveries are generally scheduled in advance with the local water system distribution operators and with a high degree of cooperation in regards to availability.
3. Water deliveries are subject to flow adjustments, restricted time-of-use limitations, and non-availability based on operational circumstances (i.e. high domestic demands, fire flow requirements, or other District restrictions as determined necessary).
4. Property served should be one (1) acre or more.

DNA = Schedule D Rates; Non-Agricultural uses as determined by the District.

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

Special Conditions

1. For service under Wholesale Domestic Water Rates, other agencies and/or companies must qualify and, among other conditions, meet the following requirements:
 - a) Be a political subdivision or a mutual water company operating a domestic system which distributes EMWD water only to those properties lying wholly within the boundaries of the EMWD, not included within the boundaries of any improvement district of the EMWD and not in conflict with or in competition to facilities operated by the EMWD; and
 - b) Execute a Service Agreement approved by the Board of Directors of EMWD. Said Agreement shall include, among other things, conditions provided for by the EMWD Administrative Code.

2. Service under Rate E302 is applicable for water delivered through Metropolitan Water District (MWD) EM-17 service connection to Western Municipal Water District (WMWD) for service to Elsinore Valley Municipal Water District (EVMWD) pursuant to and in accord with the provisions of Inter-Agency Agreement between EMWD and WMWD, approved October 5, 1988, as amended.

1. For service under Wholesale Domestic Water Rates, other agencies and/or companies must qualify and, among other conditions, meet the following requirements:
 - a) Be a political subdivision or a mutual water company operating a domestic system which distributes EMWD water only to those properties lying wholly within the boundaries of the EMWD, not included within the boundaries of any improvement district of the EMWD and not in conflict with or in competition to facilities operated by the EMWD; and
 - b) Execute a Service Agreement approved by the Board of Directors of EMWD. Said Agreement shall include, among other things, conditions provided for by the EMWD Administrative Code.

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

WATER SYSTEM: NONRECLAIMABLE WASTE LINE (NWL) (Previously referred as Schedule G)

All NWL charges are based on Santa Ana Watershed Project Authority (SAWPA) rates. SAWPA rates are effective July 1st and are subject to adjustment when adopted by SAWPA each year. Any charge not specifically identified but is billed by SAWPA, shall be passed on to user.

Truck Disposal

Rate Schedule	Rate as of 7/1/2014	Rate as of 7/1/2015	Rate as of 10/21/2015	Rate as of 7/1/2016	Rate as of 8/1/2017	Trucked Disposal into Nonreclaimable Waste Line
G101	\$0.020/gallon	No change	No change	\$0.021/gallon	\$0.022/gallon	All trucked waste less than 100 mg/L. of BOD and TSS

This fee shall be utilized for all truck disposal discharges into District operated dump stations that connect into the SARI system.

Rate Schedule	Rate as of 7/1/2014	Rate as of 7/1/2015	Rate as of 10/21/2015	Rate as of 7/1/2016	Rate as of 8/1/2017	Trucked Disposal into Nonreclaimable Waste Line
G109	N/A	N/A	N/A	\$0.026/gallon	\$0.027/gallon	Non Brine Tier 1 BOD or TSS of 100 to 999 mg/L.
G110	N/A	N/A	N/A	\$0.043/gallon	\$0.045/gallon	Non Brine Tier 2 BOD or TSS of 1,000 to 2,499 mg/L.
G111	N/A	N/A	N/A	Varies	Varies	Non Brine Tier 3 BOD or TSS of 2,500 mg/L. and higher.

Non Brine Tiered Rates are determined by the higher concentration of BOD or TSS and will be assessed for each of BOD and TSS.

Direct Discharges

Rate Schedule	Rate as of 7/1/2014	Rate as of 7/1/2015	Rate as of 10/21/2015	Rate as of 7/1/2016	Rate as of 8/1/2017	Direct Discharges into Nonreclaimable Waste Line

Special Conditions

Relative to the Construction Meter Service Water Rates, the following special conditions will apply, in addition to the EMWD Administrative Code governing the provision of Water Service Facilities and Service:

1. **Construction Meters (T-Meters or Temporary Meters) and Construction Water Usage on Other Accounts:** This type of service shall utilize the appropriate Domestic Retail rate under its Improvement District. The Daily Service Charge (DSC) for this type of service shall be per calendar day. This type of service is generally temporary with water usage utilized as construction, grading, compaction or related uses.
2. Service under Rate AT01 shall have no Daily Service Charge (DSC), and is available only upon authorization. This type of service is for transitory livestock herds.
3. Service under Rate AT23 is available only upon authorization by Water Operations at specified locations.

S601	\$1.825	\$1.90	\$1.06 Plus \$6.93/person in household	U-10 (60)	Applicable for single family residential sewer service rendered through facilities of EVMWD per agency agreement dated November 4, 1968. No commercial or other service types within this service area, at the rate established by EVMWD

** Service charges are billed on actual days of service.

*Reflected on bills effective 9/1/17 for usage effective 8/1/17; ***Reflected on bills effective 8/1/18 for usage effective 7/1/18

Special Conditions

Relative to the above Sewer Rate Schedules, the following “Special Conditions” will apply, in addition to EMWD Administrative Code governing the provision of Sewer Service Facilities and Service:

Sewer Equivalent Dwelling Units (Sewer EDU) as established by the District per Resolution No. 1600, as amended will be used to determine the appropriate daily/monthly service charge by multiplying the Sewer EDU by the EDU charge.

Sewer customers receiving water service from EMWD and charged Tiered Rates in Areas A101, A103, A201, A202, and A301, will be charged for sewer service based on the number of people in their household. The sewer bill will be calculated using a block factor that is multiplied by the sewer rate. For these accounts, the sewer EDU will be greater than or equal to one (1). The block factors are shown in the table below.

Block Number	Block Factor through 12/31/17	Block Factor effective 1/1/18	Number of People in Household
1	.75	.60	1 – 2 people
2	1.00	1.00	3 – 4 people
3	1.25	1.25	5 – 6 people
4	1.75	1.70	7 people or more

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

Fixed Charge for Sewer System Capital Projects

This charge is applicable to all sewer service accounts for sewer service that is rendered through facilities of EMWD. This charge does not apply to sewer service accounts that have sewage rendered by an agency other than EMWD. This charge will be assessed per equivalent dwelling unit (EDU).

General District	\$5,414.00/EDU	\$5,641.00/EDU

*Indexed to ENR.

Water Supply Development Fee \$300.00/EDU

The estimated amounts of all applicable Financial Participation Charges and other District Charges shall be subject to adjustment to reflect the then per unit amount applicable at the time the involved portion(s)/unit(s) have been completed and service is requested, all as determined by the District. The sponsor/developer must agree to pay the full adjusted amount of such charges prior to District's acceptance of the facilities and provision of service to the involved unit(s).

CONSOLIDATED SCHEDULE OF RATES, FEES & CHARGES

A property is considered “completed” when water and/or sewer facilities have been accepted and placed into service by the District, and units have been certified for occupancy by the County of Riverside or the involved city (as appropriate).
