

Item 4830

7-26-35

Resolution No. 1445

Whereas, on July 22, 1935, William Mulholland was called to his eternal rest; and

Whereas, the passing of this great man solemnly is mourned by the people of his city and his state; and

Whereas, in a great measure, it has been through his engineering genius, his able leadership, his tireless work and his unquestioned integrity, that this region has been provided with the supplies of water that have made it possible for our people to live here and to enjoy the fruits of this region; and

Whereas, it was the clear vision and the sound judgment of this man that first awakened our people to the necessity of building the Colorado River Aqueduct, and it was he who launched and for a number of years carried forward studies and plans for this aqueduct;

Now, Therefore, Be It Resolved that the Board of Directors of The Metropolitan Water District of Southern California does hereby extend this expression of heartfelt sympathy to the bereaved family of William Mulholland, a man who in the highest and noblest sense has been a Servant of the People.
